

How can you take part in the consultation?

We want to know what you think of the proposed improvement and your ideas for Charlton Place and Camden Passage.

Fill in our online questionnaire:

- **Scan the QR code** with your phone to access the consultation questionnaire;
- Visit www.islington.gov.uk/CharltonPlaceConsultation
- **Submit your response by 11.59pm on Monday 22 August 2022** when the consultation period ends.

If you would like a hard copy (paper copy) of the questionnaire, please:

- **write to:** Public Realm, 1 Cottage Road, London, N7 8TP.
- **visit us** at Islington Town Hall reception (N1 2UD) to fill in a paper copy.

Consultation events:

- **Co-design workshops:** Camden Passage and Charlton Place corner (open area next door to the Breakfast Club).

No registration required.

- **Tuesday 2 August 2022**, 5.30 – 6.30pm
- **Tuesday 16 August 2022**, 5.30 – 6.30pm.

- **Online meeting** on **Thursday 11 August 2022**, 6 – 7pm.

Registration required. Please **scan the QR code** or **visit our website** to register for the event.

The feedback and ideas received during the consultation will feed into the decision and design process for Charlton Place.

Thank you for taking part and we look forward to hearing your views.

Yours sincerely,

Councillor Rowena Champion

Executive Member for Environment, Air Quality and Transport

People-Friendly Streets
Better places for everyone

Charlton Place and Camden Passage

Traffic and environmental improvements

Consultation now open

Have your say between **25 July and 22 August 2022**

Dear residents, businesses and visitors,

As part of our commitment to make Islington a cleaner, greener and healthier place for all, we are proposing to deliver improvements to Charlton Place and Camden Passage.

This is an exciting opportunity to **support Camden Passage and the Angel Town Centre** as well-loved destinations and to benefit local businesses and local people with **measures** such as **outdoor seating, pavement widening and planting** at Charlton Place and Camden Passage.

We have been listening to **local people's feedback** who have told us they are concerned about:

increased traffic volumes

increased traffic speeds

increased vibrations

through traffic

Proposed changes to Charlton Place and Camden Passage

We have been looking at **how we can improve safety and accessibility** as well as **make the area more attractive**.

We have developed possible designs, shown in map 1 and 2.

We are proposing to:

Install a **traffic restriction*** at **Charlton Place** to stop vehicles driving through to Upper Street, while retaining access for vehicles from the south of Charlton Place.

* **E.g.** physical barrier, such as a bollard, planter or camera enforcement.

Enable people to **cycle southbound down Charlton Place**.

Protect the **unique local character and heritage of Camden Passage**.

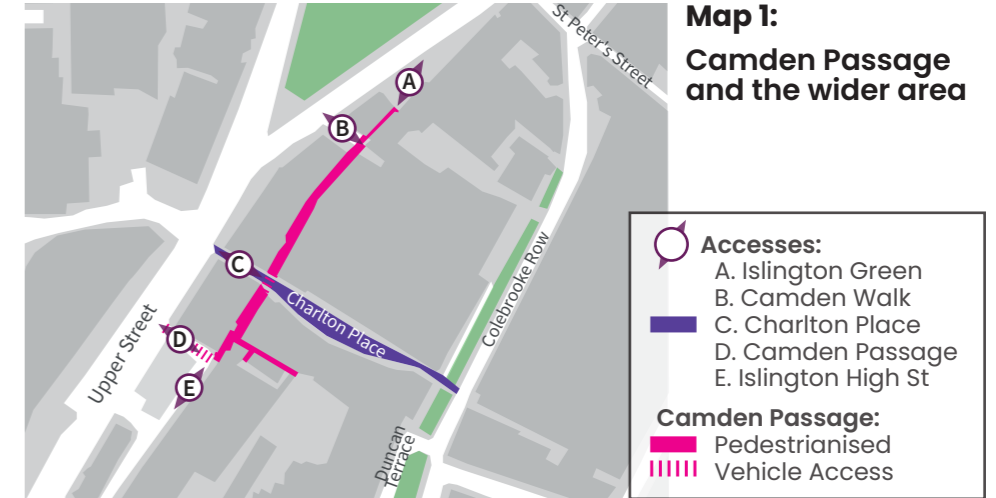

Add measures to **reinforce pedestrian priority** across Camden Passage with features such as tactile paving or a blended crossing, and cycle signage to the pavement.

In order to allow for the traffic restriction and turning vehicles on Charlton Place, we are proposing to **make changes to parking**:

- **Relocate four short stay parking bays** to the south, as shown on the map 2 (on the next page).
- **Convert four residential parking bays** into short stay parking.
- **Create a flexible loading bay**, which can be used by residents outside operational hours.
- **Convert the existing short stay bay** outside numbers 19-25 Charlton Place into a shared use resident / short stay bay.

Proposed changes to Charlton Place and Camden Passage

Map 2: Charlton Place and Camden Passage proposal

We want to hear from residents, the local community and businesses about the proposal to improve Charlton Place and Camden Passage.
