SAFER ISLINGTON PARTNERSHIP

SOCIAL & ECONOMIC WELLBEING

ALL THEMATIC PARTNERSHIPS OPERATE A TWO TIER GOVERNANCE STRUCTURE

- A *high level strategic partnership board* which determines the strategic direction. It considers national policy, statutory requirements as well as ensuring local need is met linking closely with the mainstream and has a good overall picture of all services delivered in Islington.
- A *lower level Commissioning and Delivery Board* responsible for the business of the ISP including, commissioning of services and ongoing programme, performance and financial monitoring.
- Where necessary *working groups* have been set up to deliver on key priority areas and report directly to the Commissioning and Delivery Board.
