CHAPTER ONE

Page number:

National, London and Local Context

1.1. Summary	1
1.2. National policy context	1
1.2.2. National Childcare Strategy 1998	
1.2.2. Children Act 2004	
1.2.3. Ten Year Childcare Strategy 2004	
1.2.4. Childcare Act 2006	
1.3. National support to parents with costs of childcare	3
1.3.1 The five main strands	
1.3.2. Changes to free early years education	
1.4. The London context	4
1.4.1. London childcare strategy	
1.4.2. London Childcare Affordability Programme (CAP)	
1.5. The Islington context	5
1.5.1. Islington's priorities	
1.5.2. Islington Children and Young People Plan 2006-9	
1.5.3. Local structures	

CHAPTER TWO

Guidance On The Assessment Duty

2.1. Timescales	7
2.2. What the assessment is	7
2.3. Definition of 'sufficient childcare'	7
2.4. Consultation expected as part of assessment	8
2.5. Sub-local authority level	8
2.6. The assessment comprises three elements	8
2.6.1. Demand in each sub-local authority area (slaa)	
2.6.2. Assessing supply of childcare in each slaa	
2.6.3. Analysing / mapping the gap between demand and supply	
2.7. Draft assessment document	9
2.8. Publication of assessment summary	9
2.9. Duty to review assessment	9
2.10. Performance management	9

CHAPTER THREE

Factors Influencing Demand For Childcare

3.1. Key themes	10
3.2. Population information	11
3.2.1. Ethnicity and language profiles	
3.2.2. Special educational needs and disability	
3.2.3. Births and population projections	
3.2.4. Children in need	
3.2.5. Children looked after	
3.3 Household profiles	26
3.4 Economic environment	28
3.4.1. Employment and commuting patterns	

3.4.2.	Income	
3.4.3.	Benefits and tax credits	
3.4.4.	Teenage mothers	
3.5.	Housing, Greenspace and transport links	38
3.6.	Maps to show deprivation in Islington	42

Figure 3.15.	Greenspace - metres squared per head in Inner London boroughs	40

CHAPTER FOUR

Supply Of Childcare In Islington

	Contents:	46
4.1.	Introduction	47
	4.1.1. How data was gathered and analysed	
	4.1.2. Definitions of childcare covered in this report	
4.2.	Overview of places by population	49
4.3.	Under fives	52
	4.3.1. Overview of under fives	
	4.3.2. Places for under fives by population	
	4.3.3. Nurseries	
	4.3.3.a. Places by population for under fives places in nurseries by ward	
	4.3.3.b. Places and vacancies	
	4.3.3.c. Flexibility of places	
	4.3.3.d. Affordability of places	
	4.3.4. Childminders	
	4.3.4.a. Places by population	
	4.3.4.b. Places and vacancies	
	4.3.4.c. Flexibility of places	
	4.3.4.d. Affordability of places	
	4.3.5. Inclusiveness of early years provision	
	4.3.5.a. Take up by ethnicity and home language	
	4.3.5.b. Take up by gender	
	4.3.5.c. Provision for children with special educational needs (SEN) and/or disabilities	
4.4.	Over Fives	96
	4.4.1. Overview of over fives	
	4.4.2. Holiday provision	
	4.4.2.a. Holiday places by population	
	4.4.2.b. Holiday places by area, age and time of year	
	4.4.2.c. Affordability of holiday places	
	4.4.3. Breakfast and after school provision	
	4.4.3.a. Places by population and area	
	4.4.3.b. Affordability of breakfast and after school provision	
	4.4.4. Occupancy / vacancies in holiday, breakfast and after school provision	
	4.4.5. Childminding provision for the over fives	
	4.4.6. Inclusiveness of over fives provision	
	4.4.6.a. Take up by ethnicity and home language	
	4.4.6.b. Gender of children using over 5s provision	

4.4.6.c. Provision for young people and children over 5 with special educational needs (SEN) and/or disabilities	
4.4.7. Out of school (positive) activities for young people in Islington secondary schools	
4.5. Quality and sustainability of childcare providers in Islington	114
4.5.1. Quality of early years care and education providers in Islington	
4.5.2. Childminders	
4.5.3. Out of school provision	
4.5.4. Changes in Ofsted regulation	
4.5.5. Sustainability of provision	
4.5.5.a. Background	
4.5.5.b. Local knowledge from working with providers	
4.6. Childcare provision over the borough border	122
4.7. Information on childcare	125
4.7.1. Findings from the household survey 2007	
4.7.1.a. Awareness of C.I.S	
4.7.1.b. Use of C.I.S	
4.7.2. Findings from focus groups with parents / carers

CHAPTER FIVE - DEMAND PART ONE

Household Survey 2007

5.1. Methodology and remit of survey	128
5.2. Profile of respondents taking part in the survey	129
5.2.1. Summary of profile of households, whether or not using childcare	
5.2.2. Details of respondents' working status, whether or not using childcare	
5.2.3. Profile of households using/not using childcare	
5.3. Profile of children covered in the survey	131
5.4. Take up of childcare by households	132

5.4.1. Types of childcare used	
5.4.2. Take up by ethnicity	
5.4.2.a. Analysis of take up by ethnicity by type of childcare	
5.4.2.b. Analysis of take up by ethnicity by age of children	
5.4.3. Analysis of take up by home language	
5.4.4. Take up by gender	
5.4.5. Take up of childcare by children with a disability	
5.4.6. Childcare usage by ward, type of provision and age of child	
5.4.7. Cost of childcare used.	
5.5. Households wanting or not wanting to change / use childcare	140
5.5.1. Reasons for using and not using childcare	
5.5.2. Reasons for three and four year olds not attending early education	
5.5.3. Important factors in choosing childcare	
5.5.3.a. Most important factor	
5.5.3.b. Distance to travel to childcare	
5.5.4. Satisfaction with childcare	
5.5.4.a. Factors with which respondents satisfied/not satisfied	
5.5.4.b. Households using childcare who did not want to change it	
5.6. Households using childcare wanting to change childcare	145
5.7. Households not using childcare who needed or wanted to	146
5.7.1. Childcare needed for all purposes	
5.7.2. Balance of places needed for all purposes after deducting places given up by parents changing provision	
5.7.3. Balance of places needed to enable parents to work or train and study	
5.8. Income of families wanting childcare	154
5.8.1 Average costs of childcare already used	
5.9. Mapping demand and supply	155

Chapter 5 Index of Tables and Figures

Table 5.1. Take up of childcare compared to population	133
Table 5.2. Hourly costs	139
Table 5.3. New childcare places needed for all purposes	146
Table 5.4. Summary of places needed in Islington to enable parents to work, train or study	148
Table 5.5. Places needed to work or study by ward	148
Table 5.6. Places needed to work or study by area children's network	149
Table 5.7. Approximate childminding places needed by area	150
Table 5.8. Approximate under fives places need to work or study	151
Table 5.9. Approximate over fives places needed to work or study	153
Table 5.10. Wards and income bands for households using childcare and wanting to change, and households who are not using childcare but need childcare	154

Figure 5.2. Ethnicity of the respondents: households that use / do not use childcare	131
Figure 5.3. Childcare provision already being used	132
Figure 5.4. Ethnicity of children who are in / not in childcare	133
Figure 5.5. Graph to show the ethnicity of children already using childcare by age group	135
Figure 5.6. Language of children who are in / not in childcare	136
Figure 5.7. Graph to language of children already using childcare by age group	137
Figure 5.8. Initial summary of households' situation in regard to childcare	140
Figure 5.9. Profile of households using / not using childcare and reasons for using / wanting childcare	141
Figure 5.10. One most important factor when selecting childcare	142

Figure 5.11. Children who are in childcare and who do not need to change	144
Figure 5.12. Places which will be required and gained from families who wish to change provision type	145

CHAPTER SIX - DEMAND FOR CHILDCARE

Views Of Stakeholders Part Two

6.1. Parents/carers	156
6.1.1. Focus groups	
6.1.1.a. Introduction	
6.1.1.b. Use of childcare	
6.1.1.c. Important factors in choosing childcare	
6.1.1.d. Satisfaction with childcare	
6.1.1.e. Barriers to childcare	
6.1.1.f. How parents find out about childcare	
6.1.1.g. Awareness and use of the Children's Information Service	
6.1.1.h. Issues for particular groups	
6.1.1.i. Conclusions: Sufficiency issues	
6.1.2. Consultation on charging for childcare for children under five 2007 - summary of responses	
6.2. Children and young people	168
6.2.1. Introduction	
6.2.2. Findings – Over fives	
6.2.3. Findings – Under fives	
6.2.4. Developing integrated services for young people aged 11 –19	
6.3. Childcare providers	169
6.3.1. Annual childcare supply survey	
6.3.2. Voluntary sector providers' meeting March 2007	
6.4. Survey of employers	173
6.4.1. Background	
6.4.2. Key findings	
6.4.2.a. Work-life balance policy	
6.4.2.b. Information on childcare	
6.4.2.c. Barriers to childcare	
6.4.2.d. Shift working	
6.4.2.e. Conclusions	
6.5 Staff in partner organisations	175
6.5.1. Significant gaps in childcare for working and studying parents	
6.5.2. Significant surpluses in childcare for working and studying parents	
6.5.3. Significant barriers to families accessing childcare	
6.6 Training providers	176
6.7. Other boroughs	177
CHAPTER SEVEN	
How sufficient is childcare in Islington	
7.1. Approach	178
7.2. Sufficient places in each sub-local authority areas	178
7.2.1 Childminding places needed according to household survey	
7.2.2. Nursery places needed according to household survey	
7.2.3. Over fives places needed according to household survey	

7.3. Flexibility of availability and balance between sessional and full daycare	192
7.4. Accessible in terms of distance	192
7.5. Quality and sustainability	193
7.5.1. Quality	
7.5.2. Sustainability	
7.5.2.a. Council subsidies	
7.5.2.b. Other subsidies	
7.6. Sufficient knowledge and information about supply	194
7.7. Affordable	194
7.7.1. Under three year olds	
7.7.2. Three and four year olds	
7.7.3. Over fives	
7.8. Inclusive and meeting particular needs	196
