

# Bright Sparks – sparking an electrical revolution!

Bright Sparks is Islington's Repair and Reuse Shop that will bring your small electrical items back to life.

You can buy small electrical items at Bright Sparks, donate them when you have finished with them or even get them repaired. The choice is yours!

Bright Sparks is an easy way to reuse, repair or recycle your old electrical items rather than putting them in the rubbish bin which causes carbon pollution and damages the environment.

The repairs are done at a new workshop that offers training and volunteering opportunities for local people.

There are also donation sites around Islington where you can drop off your unwanted small electrical gadgets and appliances to help support people and the environment.

## Bright Sparks Shop

225 - 229 Seven Sisters Road, London N4 2DA

T 020 7561 5515

E [shop@brightsparksonline.com](mailto:shop@brightsparksonline.com)

W [www.islington.gov.uk/brightsparks](http://www.islington.gov.uk/brightsparks)

Open Tuesday to Saturday 12.30pm to 5.30pm,  
Thursday 12.30pm to 7pm

75% of electrical goods end up in landfill.

Let's change things one sandwich-maker at a time.
