

The Islington Climate Change Partnership Pledge

We welcome the commitment by
Islington's Climate Change Partnership
to reduce carbon dioxide emissions
across the borough.

**In becoming members of the Islington
Climate Change Partnership we pledge to:**

- Reduce carbon dioxide emissions from our own organisation by at least 15% over 3 years
- Support and work with other members in order to achieve borough-wide emissions reductions

In return, the Partnership will:

- Provide on-going help, support and advice to members on the reduction of energy usage and costs
- Keep members informed of the latest developments in technologies and energy conservation
- Facilitate collaboration with colleagues from a variety of sectors in order to maximise opportunities for carbon reduction
- Secure further funding to help deliver the work of the Climate Change Partnership
