Roulin Khondoker	Ward Councillor
------------------	-----------------

ITEM	MATTER RAISED	ACTION
1.0	Minutes and matters arising	
1.1	Wireless Festival, details of the condition to be circulated to the Highbury West ward partnership mailing list	JA/AH (PA)
1.2	Clean Islington App, provide at next meeting the data on response time, what are the hashtags for? Feedback that an 'other' heading would be useful	PA
1.3	<p>Drayton Park Waste, GT said that enforcement has been taken against the scrap metal company at 62 Drayton Park. GT said that any more evidence is welcome, as it helps build the case. There is CCTV there and the Compliance Team will take action. Residents said if it is a long lease with Network Rail, the Council should contact them and use this as leverage. Another resident said they had already written to Network Rail and their response was that it was a confidential lease. A residents pointed out that there was no lack of correspondence from residents to the Council on this issue. GH stated that he would go back and review the correspondence from the residents to the Council on this issue.</p> <p>In the last minute's dust and pollution was raised, and there is not feedback on this.</p>	GT
1.4	<p>Resident said that the company clearly don't care about the odd penalty, they double park on a daily basis. AH asked if GT can give a coordinated response which include parking and enforcement teams.</p> <p>NC will follow up on the 2 trees in Bryantwood Road</p>	GT NC

2	ASB/Community Safety	
2.1	<p>Zing Zing GT is case managing this. He has met the Operations Manager and Director of Zing Zing gave him reasonably good feedback to meet the issues raised. Action has been taken against dumping of waste at the wrong time and/or for using black sacks. They have clearly been told that motorbikes on the walkway is breaking 2.4 of the Highways Act. A resident has a photo (will send to GT) taken on 20.12.18 at 5.30pm of bikes blocking the walkway.</p> <p>The Compliance team and ASB have been visiting after collection times to see if any breaches. LR said to please keep using the ASB hotline, and this helps coordinate spot checking.</p> <p>Regarding the bikes inside, GT said Environmental Health say it is not an issue. GT will ensure they ask this at their next visit. He will also co-ordinate with LFB and ask them if they can carry out a spot check. Community Safety can coordinate this.</p> <p>NC will check if there is space outside for the bikes.</p>	<p>GT/JG</p> <p>NC</p>
2.2	Off License-10/20 young boys entered reached over the counter and grabbed what they could, the location was given to officers. They should have CCTV, and the uniform can be identified and can be sent to the Safer School Officer. Naz will visit the store	
2.3	JG gave an update on the tri-borough work, this includes each Borough Commander and Councils, at the Finsbury Park end, the group carried out stop & search, looked at homelessness. This will be held once a month as a signal day of action.	
2.4	A resident spoke about a group of people, clearly on drugs causing general ASB. Raising charity shop bags, making a mess, used condoms, drug paraphernalia. This has been reported to the ASB team. Hurlock House area. Residents feel threatened; 3 adult men and 1 woman. JG said by the description given, he thinks his team may know of them already. He stressed that the breakthrough will be more evidence, which helps them build intelligence to apply the right resource. Since Oct 18 there have been 14 visits in that area between 5.30pm-4.30am, but the teams did not observe them.	JG
2.5	Naz said that incidents can be reported online here https://www.met.police.uk/ro/report/ . Details of the team can be found here https://www.met.police.uk/a/your-area/met/islington/highbury-west/?introducingyoursaferneighbourhoodsteam=yourteam	
3	Highbury West traffic and transport changes	

<p>3.1</p> <p>3.2</p>	<p>Camera based width restriction at Drayton Park NC gave an update: 2-way width restriction, 3.5 tonne weight to be installed in January 19, and a 6-month experiment order, max 18-month. During this time resident may object, write/contact us, and this allows us to assess a live scheme and make changes.</p> <p>The overall recovery weight of the PCN's in the borough is 70%.</p> <p>In 2021 there will be a borough wide proposal to have a 7.5 tonne lorry ban on residential roads, so that they have to stay on the strategic roads. TFL have agreed to this in principle to also make their highways a 20mph restriction.</p> <p>One-way point no entry on Gillespie Road This will be Jan/Feb 19 time, and funded through the Quietway 10 by TFL. There will be advance warning signs way ahead of Gillespie Road, by Stadium Mews and outside Stephens Ink.</p> <p>NC said this will stop people going from east to west. 15 spaces will be lost by this design. However, that end of the road could be able to park in both zones of the road. NC will email out the drawings. Residents and Cllr's stressed they only want the point no entry and no unnecessary complications. The trial period for this will last a maximum of 18 months. This will be paid through TFL & NC's budget</p>	<p>NC</p>
<p>4.0</p>	<p>Dates for next meeting</p>	
	<p>21 February 2019 02 May 2019</p>
