Packington Children's Centre Stay and Play Guide

Packington Children's Centre is one of Islington's 16 Sure Start Children's Centres. We offer children and families a range of activities and services to help give every child the best start in life. Most of the activities are free but parents/carers must be registered with the Children's Centre before using the services.

We have a number of professionals working with us who are able to support parents and carers with young children on a range of issues, these include: Bi-Lingual/ Family Support Workers, Speech and Language Therapists Child Psychologist and Social Workers. Please ask a member of staff if you would like more information.

Play

Children learn through play - through making their own choices and mistakes. We support this by providing activities including paint, collage, books, singing, messy play, construction, sand, water, small world, imaginative play, bikes and outdoor toys.

Parent and Carer Involvement

We encourage parents and carers to take part in and develop your children's play. It's a great opportunity to spend some time playing with your child, letting them get really involved with things they enjoy.

Responsibilities

Please ensure you sign in on the attendance register. During Stay and Play Parents/Carers are asked not to use mobile phones, but if you need to take a call or send a text message please leave the room briefly and ask another adult to supervise your child(ren).

IMPORTANT:

To ensure your child gets the most out of our stay and play sessions, parents and carers are reminded to arrive within the first half of the group to avoid being turned away.

Food and Drink

Please do not bring food or drink into stay and play sessions. We provide healthy snacks such as water, fruit and breadsticks for children to enjoy
