Your council tax band and valuation

Every home in the borough falls into one of eight valuation bands (A to H). Your bill shows which band you are in. Your council tax charges are worked out as a percentage of the Band D rate, as shown in the table below.

The Band D rate is worked out by dividing the money to be raised by council tax (£93m) by the number of Band D equivalent homes in the borough (79,524.3).

Your 2019-20 council tax charge					
Your Band	Market value of your property (in April 1991)	Islington	Mayor of London (GLA)	2019/20 full council charge	Direct debit 12 monthly instalments
		£	£	£	£
A	Up to 40,000	779.44	213.67	993.11	82.76
B	40,001 to 52,000	909.35	249.29	1,158.64	96.55
C	52,001 to 68,000	1,039.25	284.90	1,324.15	110.35
D	68,001 to 88,000	1,169.16	320.51	1,489.67	124.14
E	88,001 to 120,000	1,428.97	391.73	1,820.70	151.72
F	120,001 to 160,000	1,688.79	462.96	2,151.75	179.31
G	160,001 to 320,000	1,948.60	534.18	2,482.78	206.90
H	£320,001 and above	2,338.32	641.02	2,979.34	248.28

This does not include an extra charge for properties in Lloyd Square of £380.57 for each Band D property.

Property valuation

The amount of council tax you pay depends on which council tax band your property falls into. Your council tax band is determined by the market value of your home. This is decided by the Valuation Office Agency, not the council.

They valued your home based on its market value in April 1991.

Think your property is in the wrong band?

You may appeal your valuation band if you have become a council tax payer for the first time, or the property has recently been placed in a valuation band you do not agree with. In both cases, you must make your appeal within six months of receiving your first bill.

Please note, you are still required to pay your council tax while your appeal is being considered.

Help with your council tax bill

If you are on a low income, receive Income Support, Jobseeker's Allowance, tax credits or Universal Credit, you may be able to get help to pay your council tax. This is known as Council Tax Support, which Islington Council has chosen to protect at its current level to help the least well-off residents pay their bills.

To get the right help, you need to make a claim. You can download the form online at www.islington.gov.uk/benefits-and-support email benefits.service@islington.gov.uk call **020 7527 4990** or pick up a claim form from your local area housing office. You can also find answers to some common questions on Council Tax Support on page 8.

Answers to common questions about council tax

Has your council tax gone up?

Yes. The council continues to be hit hard by government cuts. By 2020, national government will have cut its core funding to Islington Council by 70% since 2010. To help tackle our funding crisis we have had to make some difficult choices. One of these is to increase council tax by 2.99%. This is an increase of around 65p per week for a Band D property in Islington. Islington's council tax is still one of the lowest in London.

How can I pay my bill?

Council tax is usually paid in ten instalments from April to January or you can apply to pay in 12 instalments. If you wish to do so for 2019/20 your request must be received in writing by 20 March 2019. Where requests are received after 20 March 2019, council tax will be payable in the number of months remaining up to and including March 2020. For details of the different payment methods and contact information, visit **www.islington.gov.uk/counciltax**

Direct Debit is the easiest way to pay. It is safe, secure and you can spread your payments over 12 months and pay on a day that suits you.

Plus, sign up to a Direct Debit and you will automatically be entered into a borough wide draw to win £3,000.

Visit **www.islington.gov.uk/directdebit** or call **020 7527 2633**. If you pay by Direct Debit it's your responsibility to make sure there's enough money in your account each month. If there is not, your bank or building society may charge you fees or interest.

Other methods of payment are shown on the back of your bill. These payments must be received by the date shown on your bill.

I already pay by Direct Debit.

Do I need to do anything?

If you already pay by Direct Debit, you do not need to do anything – your bill is just to let you know what your charge is for this year.

My property is empty.

Do I have to pay council tax?

Yes, there is no discount for empty properties. Additionally, properties that are unoccupied and substantially unfurnished for two years or more are liable to pay council tax at the rate of 200%.

We may be able to help you bring your empty property back into use. For more information call **020 7527 6080**.

How can I keep track of my council tax bill?

You can sign up to My eAccount to view, manage and pay your council tax online all in one place.

To sign up, visit **www.islington.gov.uk/myeaccount**

If you select the option to sign up to eBilling, then rather than us posting your council tax bills, we will email you when there is something for you to view online. You can also print a copy of your bill if you need it. Sign up to eBilling and you will also be entered into one of our three local prize draws where you can win up to £3,000.

Where can I find my Council Tax Support information?

If you are entitled to Council Tax Support, the amount you receive is shown on the back of your council tax bill. To the right of the words 'Council Tax Support' you will see how much support you've been awarded for the full year. If you divide this amount by 365 and multiply by seven you will see how much Council Tax Support you're awarded each week.

I receive Housing Benefit and I'm worried that I can't see any information about it on my bill?

If you are entitled to Housing Benefit, details will be enclosed on a separate letter with your council tax bill.

Total amount needed for council budget and for the Greater London Authority (GLA)

This table shows the money we need for the council budget, how much of it we get from central government, and how much we need to raise from council tax for council spending. It also shows the money we need to give to the GLA. It then divides these amounts by the equivalent number of Band D properties in the borough (79,524.3) to work out the Band D council tax charge and GLA contribution. The council tax charge and GLA contribution in other bands are worked out as a percentage of this Band D rate.

Detailed budget by service area

The table below compares the GLA Group's expenditure on policing, fire and other services (including transport) in 2019-20 with 2018-19.

The GLA's gross expenditure is higher this year. This is mainly due to the impact of additional investment planned by the Mayor in transport, policing and the fire service. Overall the council tax requirement has increased because of the extra funding for the Metropolitan Police and the London Fire Brigade. There has also been a 1.9% increase in London's residential property taxbase. To find out more about our budget, visit:
