Proposal: We would like to change the old, concrete crazy paving at the front of the house, to York Stone, and enlarge the pre-existing flower beds by a small amount. We would also like to add a small wooden structure to hide the bins, and add three steps to the side passage, as it is currently an inconvenient slope, and steps would make it safer and more attractive. We would be also changing the tree but we have already applied for permission to do that.

Proposal: The existing sash windows at the front of the house (first and ground floors) are rotten and decayed and in terrible condition, some of the glass is cracked/scratched but the timber of the existing frames is in good condition. The proposed work is to install new like-for-like sash windows to the existing frames. In order to conserve energy, it is proposed to install slimline double-glazing into the existing frames, keeping the profile to a minimum by using individually double-glazed Heritage Units with integrated glazing bars. Identical patterned glass for the small panels above and surrounding the arches will be used to match the existing (refer to sample shown in photographs). Sash Window Workshop have been appointed to do the work as they have very skilled craftsmen who work with top quality materials and deliver to the highest possible standard and will meticulously install like-for-like sashes in the existing frames. First Floor Front Elevation: Work to consist of Decoration, Draughtseal and Overhaul and fitting 5 new top and 5 new bottom sashes in Accoya wood into the existing frame of the bay window and 1 new top and 1 new bottom sash in
