**Proposal:** A New balcony Addition to existing balcony/walkway at the rear of the property .The current balcony leads to a narrow spiral staircase providing access to the rear garden from the upper ground floor flat The proposed balcony will sit along the rear wall of the clients upper ground floor residence. it is flanked by a large wall that extends to the upper middle of the first floor .This shields any views from the neighboring property at 149. it is not visible from the street or any public areas The building is located within the Highbury New Park Conservation Area and is not statutory or locally listed , As such the proposal does not come into conflict with the Highbury New Park Conservation Area Design Guidelines. The clients property sits within a large dwelling consisting of 4 flats .There are two flats above and one below ,making the owners property the upper ground floor flat.There is shared ownership amongst these residents of the rear garden. My client is suffering from a terminal illness and as such is experiencing mobility issues. This proposal will allow him to easily access an outside seating area from which to enjoy the rear garden during this difficult time and will be the only means of regular outdoor access for
