Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to , a fee may be charged for this information.

Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to , a fee may be charged for this information.

Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to , a fee may be charged for this information.

Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to , a fee may be charged for this information.

Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to , a fee may be charged for this information.

Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to, a fee may be charged for this information.

Street Name	Postal District	Islington Council maintains the whole Road within the borough boundary as Highway Maintained at the public expense*	If "NO" who maintains.	Road name continues outside Borough boundary into (borough)	Other details
-------------	-----------------	---	------------------------	---	---------------

* This answer is restricted to highways maintainable at the public expense within the meaning of the Highways Act 1980 (s36). If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to , a fee may be charged for this information.

If the road, footpath or footway is not a publicly maintainable highway the Council cannot express an opinion as to what rights of access may exist over it. An affirmative answer does not imply that the publicly maintainable highway directly abuts the boundary of adjacent properties. If information regarding the limits of the publicly maintained highway is required a separate enquiry, including a plan showing the area in question, should be made to, a fee may be charged for this information.
