RECYCLING CHAMPIONS

LOVE RECYCLING? WHY NOT BECOME A RECYCLING CHAMPION?

Being a recycling champion is all about encouraging your neighbours, friends, family and colleagues to reduce, reuse and recycle.

It's a great way to meet new people, make a positive contribution to your community and even learn new skills.

You'll get to team-up with other people whose enthusiasm can help people understand the importance of recycling and broader environmental issues.

You need to be over 18 years old, but you don't need any previous knowledge or experience as Islington Council will offer you and the other champions training and support.

If you're interested please email the Recycling Team at recycling@islington.gov.uk with your name, address, email and telephone number and the Recycling Team will get in touch.
